

HEALTH GARDS®

■ HEALTH GARDS® ANTIMICROBIAL RESTROOM MATS

Keep customers coming back with a clean restroom!

Health Gards® Antimicrobial Mats are designed to **grip** the floor, **capture** any fluid that escapes, **eliminate** any odors and quickly **air dry**. Mats do not absorb and retain urine, preventing discoloration and lingering odor.

Eliminate Puddles

Keeps floors dry around urinals, commodes, near sinks and hand drying areas

Odor Inhibitor

Each mat is loaded with a strong antimicrobial that will stop odors from starting or spreading.

Protect Flooring

Protects flooring from liquids and stains. Mat stays securely in place with non-slip backing.

Long Lasting

In most locations, mats will last up to a month depending on traffic and usage. They should be thrown away afterwards.

Maintenance

Simple - Just mop or wipe around them as needed. If they get wet, it's OK. They are designed with a self drying surface, so they air dry like entrance mats.

3/16" (from side)

Mat Layers

- Top layer is comprised of a 12 oz., tufted, woven velour, needle punch polypropylene fiber blend.
- Fibers are pretreated with an antimicrobial
- The middle layer is a 16 oz. pre-coat latex
- The backing is comprised of a 10 oz. Sure Blend natural rubber
